

# Classic Swedish Yawl is looking for a new Lover „SEVEN“ - H7 S7

It is with a heavy heart that we are selling our Yawl SEVEN. She is a beautiful, classic and fast Yacht for 2 to a maximum of 4 people for cruising and racing.

She was built for Gösta du Rietz, whose seventh boat she was and in which he incorporated his accumulated experience as a sea and regatta sailor.

It is a ONE OFF designed by Ole Enderlein. The construction supervision was carried out jointly by Gösta du Rietz and Ole Enderlein and only the best materials were used. She is in an almost original state and not only known in Sweden for her beauty.
